🌍 The Global Solo AI Showdown

Sponsored by the World's Top AI Platforms

🌀 Executive Pitch

The **Global Solo AI Showdown** is a groundbreaking 90-day competition designed to showcase what a single individual can build using the latest AI platforms. In an era where corporate AI teams dominate headlines, this contest shifts the spotlight to self-funded innovators using tools like ChatGPT, Claude, Grok, Gemini, and more.

This is not just a developer competition — it's a challenge to the status quo, where **a single mind + modern AI tools** can outperform teams of 50+.

⛅ Sponsored by:

- OpenAI (ChatGPT)
- Anthropic (Claude)
- xAI (Grok)
- Google DeepMind (Gemini)
- Meta (LLaMA)
- Microsoft (Copilot)
- Amazon (Bedrock)

These platforms jointly fund a **$17 million prize pool**: - 🥇 1st Prize: $10M - 🥈 2nd Prize: $5M - 🥉 3rd Prize: $2M

🏖️ Competition Rules (Summary)

🎏 Eligibility

- Must be a **solo developer/founder**
- No prior VC/institutional funding allowed
- All work must be **completed within 90 days**
- Can build on prior work, but no corporate-sourced code

🦜 Allowed Tools

- Any AI platform: ChatGPT, Claude, Grok, etc.
- Open-source libraries, public APIs, and design frameworks
- Solo founders may use platform credits (if granted)

Submission Deadline

- Work period: 90 days from official start

- Final submission includes:
- Working demo video
- Pitch deck
- Codebase (GitHub or similar)
- Written narrative (strategy + execution)

Judging Criteria & Scoring (100 points total)

Category	Description	Points
Innovation & Originality	Unique idea, creativity, and AI-native problem solving	25
Technical Execution	Code quality, architecture, performance, API integration	20
Product Experience	UI/UX design, mobile/web responsiveness, ease of use	15
Impact & Usefulness	Real-world value, target audience, solves a clear problem	20
AI Utilization	Depth of AI integration (multi-agent use, modeling, automation)	10
Presentation & Storytelling	Pitch clarity, video walkthrough, slide deck	10

⛄ Key Differentiators

- True test of individual capability
- Live public judging and demo day
- Open-source submissions encouraged
- Global media coverage and platform-backed promotion

🥀 Timeline Overview

Milestone	Date
Launch	August 1, 2025
Entry Deadline	August 15, 2025
Final Submission	October 30, 2025
Judging Period	Nov 1–15, 2025
Winner Reveal	November 20, 2025

🌳 Next Steps

- Finalize platform sponsorship
- Build challenge site + submission portal
- Announce across tech and AI communities
- Invite solo founders worldwide

With this pitch and structure, we demonstrate not just what AI can do — but what *one determined human* can do *with* AI.
